

## PA91 Plus

The PA91 Plus breathing apparatus is a streamlined, lightweight design, ideal for use when working in environments where smoke or toxic gases are present, or where there is a lack of oxygen.

The carrying system has been orthopaedically designed and follows the natural contours of the back. Weight is concentrated on the hips to reduce backstrain and fatigue.

The cylinder strap is adjustable and can accommodate cylinder sizes from 4.0 litres to 12.0 litres.

This set can be used with either the Panorama Nova or F2 facemask.

## Technical Data

Reducer	High performance, balanced for 200 or 300 bar without adjustment
	Up to 100 litres / minute available flow 550 litres / minute nominal at cylinder pressures as low as 20 bar

Lung Demand Valve	Balanced piston design, automatic positive pressure, 500 litre / minute nominal flow
-------------------	--

## Order List

3350683	PA91 Plus with gauge
3540086	PA91 Plus compliance set complete with cylinder and Mask

Accessories	
R52972	Panorama Nova Mask EPDM
R54697	Futura Mask EPDM
3543074	Cylinder 9.0litre 200bar
3543072	Cylinder 4.0litre 300bar

## **Dräger Worldwide**

The Dräger sales and service organisation is spread throughout the world. It comprises more than 25 subsidiaries and associated companies to ensure that Dräger is always within easy reach of its clients and in close contact with all important markets. Dräger's ever increasing market share demonstrates the company's international competitiveness and strength.

## **Dräger Service**

Safety equipment must always be fully functional and safe. DrägerService offers a regular inspection service and is quickly available in the event of malfunction. Your equipment will be repaired and back in operation as quickly as possible. DrägerService facilitates the vital flow of information between client and manufacturer.

## **Dräger Expertise**

Since 1889, Dräger has had an outstanding reputation for solving problems in the field of human breathing. Dräger has been deeply involved in the handling of gases, in particular hazard protection and the saving of life in medical and industrial emergencies. Many of the company's 8500 employees are active in research and innovation to ensure that the latest techniques and scientific advances are fully tested before their inclusion in new equipment.

Dräger has subsidiaries in the following countries: Australia, Austria, Belgium, Bulgaria, Canada, Czech Republic, China, Denmark, France, Great Britain, Hungary, Indonesia, Italy, Japan, Croatia, Netherlands, Norway, Romania, Singapore, South Korea, Slovenia, Slovakia, South Africa, Spain, Sweden, Switzerland, Thailand, Yugoslavia, USA. Additionally, Dräger is widely represented in Central and South America, Africa, the Middle East, the Far East and Eastern Europe.
